*Bullsh*t! She didn't want anything to do with y'all. Her sister Tammy had to talk her into visiting Jimmy in the hospital when he had open heart surgery. His Mama stood in the smoking area and heard Bobbie complain about being there. She was not the loving and kind soul you think you knew. Always a put on in front of others. You should have heard what she had to say about most all of her Webb and Leopard family members. It was bad but in front of them, she was sweeter than sugar. If the family only knew the truth. She was ro be commended for staying with Wayne dor 44 years after all of the affairs that he had and was caught in. One even in his birthday and Bobbie took him a fist and card to his job only to find him rubbing his front all over the backside of his female coworker. He was so into that woman that he never heard or saw his wife looking at them until he turned around and saw her standing there. At least eight affairs that the family knew of. Caught by her sister. Her mother. Her Leopard relatives too. Once he was cheating and was out with Donald and Jean with a blonde while Bobbie was at home with their newborn baby Charles.*
