“ Claudia, Parker, Hunter and the entire family, please accept my heartfelt condolences. I was just informed of Delton's passing, so sorry I was not able to reach out earlier.

I have several great memories of Delton, but two come to mind. 1. We were sitting in a restaurant in Jamaica and he ordered "one terf and three surfs". I looked at him and said, "you can do that?". The waiter overheard and responded with, "you can have whatever you want mon". Delton and both laughed and then ate a lot of lobster. 2. Delton and I are sitting on his bungalow balcony (Jamaica) and we ran out of beer. While we were discussing how to resolve this issue, a guy who worked on the resort was passing by and he asked how we were doing. Delton says, "we just ran out of beer". The next thing we both see is the guy coming back with a bucket of Red Stripe on ice with a rope attached. He throws us the rope, we hoisted up the bucket and went about our beer drinking, talking and looking at the ocean. Delton was a great guy and I always enjoyed the time I spent with him and his family.

“ *So many fond memories of the Burgett family. I remember moving in on Via La Colorada just before you. We became fast friends and spent a lot of time talking in the drive way. I loved having Parker and Hunter come to the house every morning before school. My thoughts are with all of you and I'm so very sorry for your loss.*

“ I lived down the street from Delton when we were kids. His house was one of many that we hung out at. His smile was infectious. God bless you Delton and your beautiful family. I wish I could attend the service, but Oregon is far from home.

“ I was lucky enough to work with Delton at Tietex and got a chance to see what a great man he was. His smile and laughter will be missed dearly. I have lost so many of my loved ones... and I make it through the day by remembering that we will have another hello after this good-bye. I pray that the knowledge of another hello with Delton and the wonderful memories that you must have of him; will help you get through this most difficult of times. Praying for you all. RP

The little time we (Tietex family) had with you was one for the books. The time you was here you made it so easy for me to reach out to you and talk to you on different topics. You was always so nice and funny and in our shift meetings you always did something to make us laugh. That's how i knew you was the perfect fit for the Stitchbond office! But now you are a better fit for Jesus. So take your Crown my buddy to go with your long white robe and R.I.P.

“ *I worked with Delton at Tietex and we recently just started getting to know each other better. He had a great sense of humor, and He loved his family. I never met his family, but he let everyone know how much he loved Claudia and Hunter and Parker. He always bragged on his boys. I will miss our conversations and I am saddened that I will not get to know more about my friend. I am praying for the family during this difficult time. He will be missed by so many...*

“ I knew Delton through working at Veridiam. He was a great boss that found the best in every person that worked for him. He was above all a great father, husband, and friend. He always included his love and passion for his family in conversations which was an amazing quality of his. He had a laugh & smile that was one of a kind that I can still remember to this very day. He had a really fun & high energy personality that made the work day much easier too. He was an all around great person to be around and talk to. I'm very saddened by the news of his passing. He will be missed by many that know & love him.
