“ I learned about Dorothy passing quite awhile ago when she didn't answer my calls. She was a very good friend to me. Her and Glenn were my family. They were so generous and kind to a young single mother. She was just as good to my children as if they were her own. I had to flee my home because of my wicked husband and went to Florida. We remained good friends over the phone. I enjoyed her stories of her daughters. I only met her first, the sweetest child who brought her parents so much joy. I will miss you both forever, which is why I'm posting now. I think of you often my dear friends.

“ Dorothy was one of a kind person . She had so many talents to share. She was an awesome wife , mother , sister, daughter , friend, and she loved her kids more than anything. I am so thankful that we became such good friends so many years ago. I'm having a very hard time saying goodbye to her, but I know as being a part of her life, she is at piece. My thoughts and prayers go out to all of the family , that I had the privilege of sharing over the years. I feel that I have become a part of this family, and I love them all very much. I'm Gonna miss her so much, and I did promise her that I would be here for her daughters anytime they need a mother figure to talk too. We had many talks over the past 6 months, and she was so worried about leaving her family , and I assured her that everyone was fine. I love you my friend/sister, and may you RIP with your love ones. We will meet again one day in a much better place. 🙏😊❤️
