

Frederic Aime Evrard

October 13, 1972 - January 15, 2024

Frederic Aime Evrard, 51, of Travelers Rest, South Carolina, passed away Monday, January 15, 2024.

Punong Guro Fred Evrard left us on 15th January 2024. Though gone too soon, Fred lived more in his almost 52 years than most of us. As the saying goes, "every man dies, not every man really lives." He travelled the world countless times, authored multiple books, shared his wisdom with and inspired thousands.

He navigated through every chapter of his life with an unwavering commitment to his principles, never compromising his values. His courage and determination until his final fight demonstrated that goals and aspiration are worth being pursued, no matter the obstacles that stood in one's way. Not only through his words but even more so through his actions, he proved that the human spirit knows no boundaries if you dedicate yourself to what you believe in.

Fred was a loving husband to his life partner Lila and a dad to their dog Kali. He was as much of a fierce warrior as he was a caring friend, mentor, teacher, partner to those around him. He had the ability to ignite a fire within others, urging them to never settle for less than their best, to never compromise.

His memory will continue to shine brightly in the hearts of all who knew him, not only for who he was and impact he left on the world, but also because his life work and passion carry on with Kali Majapahit around the world and through the lives of the people he impacted.
