“ I knew you from the day you were born. I was very good friends with your momma Donna Kay for many years. At one time we all lived together in Dublin Ga. Donna and I went our separate ways in 1983. I searched FB for many years looking for Donna never found her instead I found Katie again in 2015 and that made my heart happy to at least find her daughter again. I was some happy to see the beautiful young lady and mother she had become, then to see how happy she was to become a grandmother! The day I read Courtney’s post that you had passed broke my heart. Sending prayers and hugs to all you kids/ grandkids and family. Fly high with your beautiful momma 🦋  
RIP Katie Bug

“ What can I say except this doesn't seem real. You are my siblings mom but for a little while you helped me grow and was a mom figure to me when my mom wasn't there. So thank you. I wish I could have one of our silly adventures again but knowing you you're in a field full of lady bugs. That will forever to me it was our code word if I ever needed your help. I still remember that day you freaked out when we caught that big spider and put it in a jar. I know you're another angel flying in that beautiful sky with everyone else with ganna Donna and my papa. Thank you for everything and the love and wisdom you gave to me in this life. I love you RIP KATIE
