“ We are all deeply saddened to know that Steven is not amongst us. We will miss you friend. We met one winter. I took some firewood over to ya. You layer did some wiring in my tool shed. You once said you would be there for me, just to call you. I wish now I would've called on many occasions. We are missing you already. To your boys I say I, reach out to me if you ever need a friend. To your family I say, stand strong, Steven had a good soul. Love always.

“ We were having dinner at our home with all the family there, Steven asked what I was cooking? I told him an Italian meal, pasta, salad, bread sticks n dessert. Later we were putting our dinner plates together, I came up behind Steven n he had spag noodles on his plate then put a garden salad on top of noodles and was starting to put sauce on top of that. I asked What r u doing? He said making pasta salad like I said. I laughed and said its separate dishes, oh, he replied. At your house you always have stuff I've never heard of bc od the different places you lived, but they were great tasting. I figured something different. He smiled, hugged men ate it. He always mentioned that moment to me. Rest easy Steven I love you
