“ *My moma was the most amazing woman I ever met, She was always so strong in ever situation. She was truly my best friend and I'm going to miss her more than I can even begin to explain. I would do anything to just be able to pick up the phone and call her, to hear her voice one more time, just to get to tell her I love her one more time. I would never dare be selfish enough to wish for her to be back here on earth instead of in heaven, but its definitely going to be extremely hard to continue life with out her here with us. I love you moma & I cant wait till I see you again until then watch over us and keep us safe and give us the strength to keep pushing through life without you here with us!!!!!!!*
