Wendy contacted me through this random app called classmate.com in 2024. I tried responding several times but no return message. So, I googled her name and then I see this? Omg!! I feel so sad even though I only knew her in the 10th and 11th grade. My name is Todd. My heart goes out to her family and friends.  
I'm terribly sorry for the loss of a girl that was trying one of a kind.
